

# Make a Socktopus (non-sew)

## You will need:

1 sock (use a boot sock for longer legs)  
String - this can be twine, jute or ribbon  
2 googly eyes  
Fiberfill or cotton balls for stuffing  
Scissors  
Craft glue

## Instructions:

1. Lay out sock and starting at the opening, cut  $\frac{3}{4}$  of the way up toward the toe
2. Stuff the toe of the sock and tie it off using twine, jute, ribbon, or string
3. Cut the bottom of sock into 8 strips to make legs (pull each leg tight and release it to curl the edges if you like)
4. Glue on eyes

Enjoy your new friends!
