

# HOW ARE YOU FEELING?

When someone is affected by cancer, they may experience a range of different emotions. First read about Alex, his family and friend. Then choose the feelings you think each person is experiencing from the list below.

alone      anxious      fighting

heartbroken      lonely      devastated      positive

frustrated      emotional      determined      shocked

terrified      lost      overwhelmed      exhausted

uncertain      terrified      unjust      supported

embarrassed      rollercoaster      awkward

scared      frightened      angry

strong      hopeful      survivor
