

PARTY POPPERS

What you need

- Small cardboard tube - eg toilet roll middle
- Piece of decorative paper to wrap round the tube
- 1 balloon
- Confetti eg plastic straws tissue paper, crepe paper, oats
- Scissors, sticky tape, glue

What you need to do

Cut a small piece from the closed end of the balloon

Using the decorative paper, cover the paper tube and glue in place. Do not cover either end

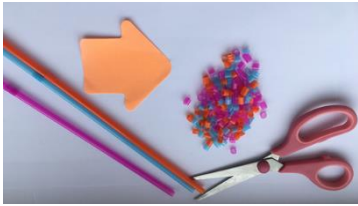

Tie a knot into the end of the balloon

Attach the balloon to one end of the tube

Tape the balloon into place

Cut up your confetti - I used old plastic straws but could use tissue paper or crepe paper

Add the confetti to the open end of the tube.

Hold the tube upright - pull back the knot so it is stretched and let go.

Your confetti should then Pop out explosively
